The Person Specification (contained within the Job Description) lists the essential and desirable criteria that are required for someone to be able to do the job in terms of experience, knowledge, skills and abilities. The criteria will be used in the shortlisting process and will form the basis for the questions then asked at interview.

Please be reminded that your supporting statement is the most important part of your application and that applicants who do not meet all the essential criteria being assessed at application stage will not normally be shortlisted for interview.
